

APN

Alliance Purchasing Network

April 10, 2020

To: APN Members
From: Cheryl Goodwin
RE: PPE and Supplies

The APN memos will be updated as new information comes in. Emails or other information received will be copied and pasted into the body of the memo as to deliver the message in the most accurate way possible. I apologize in advance for the lack of visual consistency of this approach. **We are currently working on a way to provide you this information in a more organized manner; please bear with us as we work on a solution.**

Non-APN Vendors may be included in this memo, however they have not been vetted by APN.

Visionary Solutions/DJO Global: Visionary Solutions is an APN Vendor See attachments

DJO Global just gave my company access to some N95 Respirator masks and I wanted to let you know if you needed some. Feel free to pass this information to anyone in need. This order of N95's will be shipping out the week of April 20th. I have attached the Sales Brochure for your reference, and pricing is below:

N95-Respirator - \$8.99/mask - 20 masks/box - 20 boxes/case

We will receive our Germ War hand sanitizer shipment in Mid May if you should need any of that. Here is the price breakdown for the hand sanitizer:

4.7oz Flip Cap - \$2.99/each - 100/case = \$299.00/case

16.9oz Pump - \$7.99/each - 30/case = \$239.70/case

Add an additional 10% of your order total for shipping cost. We don't usually carry these products, but due to the pandemic, we just wanted to make them available to all that might need them. Let me know if you have any questions and have a Nice Easter!

Take care,
Josh

Ace Industrial: Non-APN Member

Due to the impact covid-19 is having on the supply chain for Personal Protective Equipment, ACE Industrial Supply is hoping to assist healthcare providers and the community any way we can.

I have listed the products below that may be of use to you and your team:

Blue Nitrile gloves are a lot like latex gloves, but they're made out of a synthetic rubber. The properties in this glove make them impervious to all chemicals.

They are lightly powdered with absorbable corn starch to slip on easily and are 5.2 mil thick at the palm, 6 mil on the fingers, and 4 mil on the cuff which is thicker than most latex gloves, so they won't tear up. They're finely textured on the fingers so you can pick up the thinnest item even in grease.

They're form-fitting, long wearing, and extra tough. Packed 100 gloves per pop-up dispenser box and they fit either hand.

Nitrile Gloves \$19.99 per 100ct box

We have liquid proof, protective coveralls for almost any application and are worn for protection. They have a special Polyethylene coating to repel liquids, oils, grease, and resins. They're cool, breathable and comfortable, and designed for a full range of movement.

They have elastic cuffs on the wrists and ankles, full length zipper, an attached hood and are easy to get in and out of.

Moisture and contaminants are restricted from passing through these coveralls. Light blue in color with hood.

Coveralls \$3.99 per suit

If you would like to place an order, please feel free to contact me so we can get a shipment to you as soon as possible. Thank you for your time, hopefully we can be of assistance!
Please do not hesitate to call with any questions.

Sincerely,
Nicki Scaletta
Ace Industrial Supply

Basic American/GF Health Products: Non-APN Members

At this critical time, we have product that others do not. Beds, geri chairs, mattresses among them. For the beds and mattresses, since we manufacture in WI, USA, we have a capability others do not. Nearly all other beds sold in the U.S. come from foreign sources.

We would like to offer your APN Members a 3% discount in pricing. They should indicate when placing the order with me that they are an APN Member. We are doing our best to be good citizens of our industry and address the needs that are prevalent.

How are we doing?
Please click [here](#) to let us know. It only takes seconds!

Subject: Hand Sanitizer Vendor - Stock Available - TAX ID INCLUDED, NO SCAM

Hello Paula,

It was so nice to talk to you.

Thank you for taking my call today. I appreciate your time.

Thank you for taking the time to review this email. I'm reaching out today because we have a large stockpile of hand sanitizer. Due to the shutdown due to COVID-19, our company decided to reach out to first responders and small businesses that still need it or it can be sold for retail in your gift shop.

I've attached a price sheet and photo of the hand sanitizer so that you can see exactly what you'll receive.

Price: \$9.99 each – 12 units per case (1 case minimum).

Our TAX ID: 81-0107430 (This is for the Montana State University Bookstore). Our sales department is called Blank Canvas Creative.

Our shipment of hand sanitizers will be here in Tucson btw 4/13 - 4/27 listed on price sheet.

Our company mission includes using our proceeds to reduce education costs for students. When you work with us, you are helping to create a better future for the future.

I'd love the opportunity to offer you some pricing on our other items in the days ahead.

Wishing you and your loved ones, health and safety during this difficult time!

Thank you again,

Genta Guitron

Tiger Connect: For Current Customers re: additional users

From: Tiger Connect CEO

Dear Valued TigerConnect Customer,

TigerConnect has been closely tracking Coronavirus (COVID-19) and the impact it continues to have on healthcare organizations in the U.S. and around the world. Understandably, we are seeing a surge in the usage of our clinical communication platform, as well as customers approaching us for assistance with expanding licenses, ensuring their readiness for isolation workflows, and providing tools to expedite internal and external communication.

We have seen the results of being prepared for pandemic communication first hand. [Singapore Health has been cited as a model for its handling of COVID-19 cases](#), and at the heart of their communication and coordination effort is TigerConnect. Singapore uses TigerConnect across the entire country at all health facilities, with over 55,000 users.

I'm reaching out personally to let you know that our team is here for you, and we're taking several steps to help our customers and our communities manage this difficult time.

To help, we're offering complimentary license expansion for TigerConnect customers. The most common feedback we're hearing from customers is that they're looking to communicate to all employees across all locations. In response, we're providing expanded TigerText® Essentials licenses, available immediately, to help existing customers extend their deployment to their entire employee population for up to six months at **no additional cost**.

Some of the ways current customers are using TigerConnect to communicate about COVID-19 include:

- Sending Broadcast Messages from the Preparedness team, including incident commander, with contact information and updates
- Sending Group Messages with EVS, charge nurses, supply chain leads to make sure staff can obtain personal protective equipment and cleaning as necessary
- Making sure infection control staff are on TigerConnect for ease of communication
- Creating a care team conversation Group for specific COVID-19 patient cases
- Using a COVID-19 Forum for staff to ask questions and then trend those questions to improve widespread communications
- Adding local CDC/Department of Health to TigerConnect Directory
- Ensuring the TigerConnect application is on desktops and workstations in isolation rooms, so staff can efficiently and safely communicate to resources outside the room for patient needs, medications, and supplies without having to exit and doff isolation gear

To enroll in the COVID-19 Communication Program, please [click here](#) or contact your Client Success Manager to indicate your interest in expanding TigerText Essentials licenses at your organization.

Please feel free to reach out with any questions or requests for guidance during this unprecedented time — we're here to help.

Medline

All PPE supplies remain on allocation. Each member should reach out to their respective Medline representative and work with them directly to determine if they have been allocated supplies based on historical usage.

Direct Supply

In regards to PPE our stock is continually changing and being updated although several of the items such as masks and gloves are challenging with no or very limited supply. At this time since the situation continues to rapidly change my suggestion is to have your members reach out directly to their Direct Supply Account Manager, if they don't know the specific contact they can use the 1-800-634-7328, to discuss any products and availability. If they do find a product they need from any source our strong suggestion is to order ASAP.

Harbor Linen:

Contact: Lisa Gerold lgerold@harborlinen.com or 856-568-4237

Disposable Masks: We are obviously working hard to make sure that we are doing everything for our partners during these difficult time. May of you have asked us to try and source protective masks. We reached out to our overseas mills and they are working to manufacture them for us. To get these masks over to our partners ASAP - we are using expedited air shipment. The specifications for these one time use only masks are below. They are NOT N95 masks. **The masks come in 50 to a bag, 40 bags per case for a total of 2000 masks. They are .86 each for a total of \$1720 plus freight and tax.

We plan to have 1.5 million coming into us with the next 14 days. They will arrive in our Florence, NJ warehouse and will be ready to ship shortly after they arrive.

Please let me know if you have interest. However, this is open stock. We are trying to help everyone that has made the request for masks.

Please note, credit terms/review will apply. These are non-cancellable and non-returnable.

I will need a confirmation email from you with how many you would like to order and where you would like them to be shipped.

Please call me with any additional questions and my direct number is 856-568-4237.

HD Supply

Here is a summary of inventory as of this morning (3/23/2020):

- Sanitizers – Out of Stock. Expect some replenishment first week of April.
 - Soaps – Pretty good inventory of select types/brands.
 - Dispensers – Out of stands until May. Limited disinfectant models. OK on soap dispensers. Be sure to match the right dispenser to the correct refill.
 - Paper Goods – Generally good inventory of key categories (TP, Facial tissue, Paper Towels) Good backfills scheduled this week for items that are low.
 - Masks- Out of Stock of N95. Limited supply of ear loop blue masks. (Which we understand have been approved to use during this pandemic.)
 - Gloves – Smattering of sizes across the DC's in multiple materials: Nitrile, Latex and Vinyl. Call for availability.
 - Coveralls – Smattering of sizes across the DC's. Suggest calling for availability.
 - Eye Protection – Good inventory in a variety of types and style.
-

Western Surg: PPE Supplies (NON APN Vendor):

This company reports a stock of various PPE Supplies: www.westernsurg.com. Contact randy@westernsurg.com and srein@westernsurg.com.

Cleaning Services (Non APN Vendor):

APN does not have a local cleaning company in their Vendor Portfolio. However, we have connected with 2 companies that provide Trained Staff who follow isolation protocols and are prepared to meet your needs as it relates to cleaning and sanitizing for COVID-19. A number of factors are taken into consideration for pricing, however both companies indicated a willingness to offer a volume discount if there were a number of facilities that needed their service.
